Prof. R. A. Falconer,
President Toronto University,
Queen's Park, City.

Dear Sir:

The Red Cross Society is an international society with branches in every civilized country and works under the authority of the Geneva Corvention of 1864.

Her Majesty Tueer Alexandra is President and the Right Hon. Lord Rothschild is Chairman of the Council of the British Society.

A Canadian Society was organized in 1896 in affiliation with the British Society.

The Red Cross co-operates in times of war with the hospital service of the armies, renders aid to the sick and wounded and provides money and supplies for this work of mercy and humanity.

A Toronto Branch has been formed for the purpose of obtaining money, which will be forwarded to the British Society, to enable them to carry on their splendid work.

We are anxious to obtain a very large membership, and venture to ask you to bring this appeal to the notice of the members of your faculty, with the view of getting each one to become either a "Life" member, or an "Ordinary" member for the present year. Life membership \$25.00, Ordinary membership \$2.00. If you will also lay this appeal before your students we are sure they will gladly contribute to the extent of their ability.

If you will forward to the Hon. Treasurer a list of subscribers, with the remittance, an acknowledgment will be sent to each person.

The need is pressing. The callis one of humanity and of mercy and we are sure that you will respond in this hour of supreme need.

Yours sincerely,

Subscription form and poster enclosed. Ubscri
